## Utility Information for Extended Vacations

If you are planning an extended vacation or spend your winters in the south, there are a few things to keep in mind regarding your city utilities. This brochure will assist you in making sure your utilities are taken care of without any interruptions to your service.

### Water/Sewer

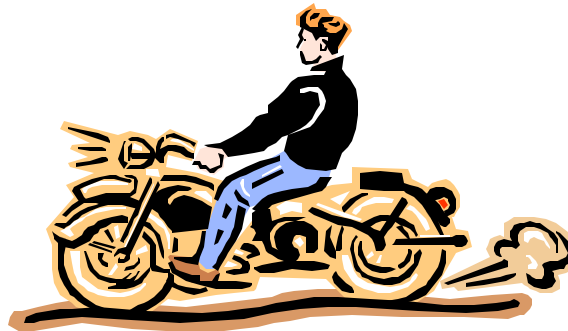

The minimum water and sewer charges will be charged while you are gone, unless you have the water meter removed before you leave. You do not have to contact the city unless you decide to have your meter removed.

If you decide to have your water meter removed, please contact the city at (641) 236-2604 or the water department at (641) 236-2635 to make arrangements to have your meter removed. The water department will need to be able to get inside your home to remove the water.

### Solid Waste

Solid Waste charges will be charged during the time you are away. Please contact us when you are planning to be away. If you are away for three consecutive months or longer, you will be eligible for reimbursement.

To obtain a reimbursement for solid waste charges, please complete the Request for Solid Waste Reimbursement form and send it to the Deputy City Clerk,

Ann Wingerter, at the address shown in this brochure.

The following information will need to be needed for completion of the form:

- Your name
- Your street address
- Dates property was vacant

Once the form is received, three months of solid waste charges will be credited.

### Questions

If you have any questions, please contact the city at (641) 236-2604.
